Bush-craft Starter Pack

.00

This Pack Requires **Unity 5.0.0** or higher.

Whether you're gearing up for bush-craft survival scenarios, need some extra weapons or simply want to populate a scene in your village, this asset pack is for you.

The **Bush-craft Starter Pack** includes:

- **Axes:** different variations on heads, handles and states of protection
- **Knives:** also varied in protection and blades, with two carving knives
- **Carved kukri & spoon:** each bush-crafter's first project
- **Rope:** tying someone up or securing your shelter
- **Billy pot:** in different states of closed, open or separate
- **Fire steel:** if you need to 'make fire'
- **Wood:** logs as targets or to sit on...take your pick

With three variations of **1024x1024 texture** maps:

- **Natural:** well suited for fantasy style games
- **Illustrated:** more of a modern day approach
- **Stealth:** first person shooter, monochromatic seriousness

Each with individual **1024x1024 normal** map, this asset pack will fit seamlessly into any game category.

Built in are **192x** Prefabs, **3x** Preview and **1x** Promo scene.

The low poly-count models are well suited for all platforms including cellphones.

Please don't forget to rate this package. All feedback will be considered to improve the package.
